Cutting press VLT 180

STROJÍRNY

CHRÁŠŤANY, A. S.

Cutting press VLT 180

Hand operated and by pressed air powered cutting press for the cutting of creamed small wafer blocks. It is supplied with the cutting head for 6 or 8 wafer pieces.

Technical parameters

Parameter	Value
Working pressure	0,6 MPa
Maximal height of the wafer block	25 mm
Maximal wafer block dimension	180 mm
Consumption of the pressed air 0,6 MPa	250 l/min
Weight	42 kg
Length of machine	500 mm
Breadth of machine	500 mm
Height of machine	800 mm
